YOUR BENEFITS AT A GLANCE.

Attractive savings with full cost control

BMW Service Inclusive guarantees use of Original BMW Parts combined with service expertise for all your maintenance and/or wear and tear work. Compared to stand-alone services, there are also less costs to worry about and more savings to smile about at the end of the stipulated time/mileage (whichever comes first).

Wide service network for convenience

BMW Service Inclusive is valid at all participating Authorised BMW Service Centres.

Easily-modifiable package

You can upgrade or extend your package any time you wish. For further information, please approach any BMW Customer Service Advisor.*

High resale value with transferability

BMW Service Inclusive is tied to your vehicle, meaning it can be transferred to its next owner, and the value of your BMW is retained.

In good hands with service expertise

All our Authorised BMW Service Centre technicians are specially trained and equipped with state-of-the-art facilities. Plus, BMW Service Inclusive gives you peace of mind with its guaranteed use of Original BMW Parts and BMW TwinPower Turbo engine oil.

¹ The validity of the BMW Service Inclusive package commences from vehicle registration date till the agreed time/mileage (whichever is earlier).

² Upgrades are only applicable during the validity of the package and up to (15) months after the expiration of the package. Total validity of the package must not exceed (6) years. Duration/mileage starts from the date of the vehicle registration.

*Upgrades are only applicable during the validity of the package and up to (15) months after the expiration of the package. Total validity of the package must not exceed (6) years. Duration/mileage starts from the date of the vehicle registration

Your eligibility for BMW Service Inclusive is granted provided that the vehicle has been operated appropriately, that the maintenance intervals shown in the car have been adhered to, and that the service work has been carried out according to the manufacturer's specifications. Service can only be performed on the due date when the Condition-Based Service Status is yellow or red, or in accordance with the manufacturer's recommended specifications. Servicing/replacement or microfilter, air filter, spark plugs can be carried out in conjunction with Engine Oil Service. If the control display (check control) of the vehicle shows the message "engine oil level below minimum, add 1 litre of oil", adding engine oil can also be covered by the service package even if servicing is not due for the vehicle.

In addition, services that are due within the next 2,000 km can be performed in advance (via the CBS data reflected in the vehicle information/ Key Reader/ISPA displayed remaining distance < 2,000 km). Services performed by date (e.g. brake fluid service) will not be performed more than 4 weeks before the due date. The replacement of wiper blades should only be performed, if necessary, for every 30,000 km mileage or 1 year (whichever comes first) in conjunction with Engine Oil Service. All parts replaced as part of BMW Service Inclusive work will become property of BMW Group. A processing time of two weeks is required for the activation of the BMW Service Inclusive or BMW Service Inclusive Plus package.
